OFFICE ACTION

Response to Rejoinder

1. The request of rejoining claim 19 to claims 7-18 is granted due to the fact that the process claim 19 includes all of the limitations of the allowable claims 7-18.

Allowable Subject Matter

2. Claims 7-19 are allowed. Following is the reason for allowance:

The closest art, *Sakurada et al* '646, discloses silicon single crystal wafers, and methods for producing silicon single crystal wafers, that are produced according to the *Czochralski* method. *Sakurada et al*, however, does not teach or suggest a SOI bond wafer (consisting silicon crystal) being occupied by a neutral region (i.e., Nv region and Ni region) on the outside of OSF (oxidation-induced stacking faults) and having no defect region detected by Cu deposition method.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
